

## Innovative products

## The online catalogue – all parts in one place!

## From small to large – the whole range!

### AirGuard - Fit for TPMS!

The AirGuard will get you fit for TPMS. It can read out sensors and copy the data to the Herth+Buss wheel sensors, or program the Herth+Buss wheel sensor for vehicles which are equipped with tyre pressure sensors as standard.

AirGuard

### SelectH<sub>2</sub> - Leak detection in air conditioning and cooling systems.

Previously, localising leaks in passenger car A/C systems was a tedious and time-consuming task using a contrast agent and a UV light.

With the selective gas detector SelectH<sub>2</sub> from Herth+Buss, you now have a time-saving and above all more environmentally friendly alternative for detecting even the smallest leaks in passenger car A/C systems in no time at all.
